

# Orphaned Land, Halo Dies (The Wrath Of God)

"Vaishachet ha'aretz lifney habore, vetimla ha'aretz chamas";

"Father thou art in heaven  
Thy kingdom cried hallow lives  
The sacred halo dies

You defied and turned your back  
Upon our lord of wrath  
All faith you lack  
You walk (upon) this beaten path";

All man shall fall as Abel fell to Cain  
By fire, by storm, by hail & by rain  
The Sacred triad, the three that are one  
Shall serve the word, thy will shall be done

Hell hath no fury as a God scorned  
Unleash his wrath  
he will let death be adorned

"I will cleanse the world with fire  
Scorched earth forevermore  
Purple tongues that burn,  
shall climb higher  
Seas of flame will crush ashore  
Shed the blood of mortal man  
The pains of birth are felt again  
Reduce to none, thou art unborn  
The end of man, human dethroned  
All light is gone...";

The rage of lord is ever true  
You have been led by the eternal deciever  
He is the life taker, and pain giver  
(Who) dwells into the depths of darkened fever  
There, as always, he lies, waiting - silent forever at the door  
The wrath of God that has befell you  
The servant of God - Jobe, the faithful believer  
He turned into a shadow, all fear and shiver  
Eve he drove astray and Adam to believe her  
The serpent coils inside its lair  
As if picking at an open sore  
Forever man's shins shall  
survive his earthly demise  
Wallow in hateful ways & his life of lies  
Eternal redemption they do not want nor seek  
Short are their days & feeble  
Naught but pleasure they adore...

"Vayar Habore ki raba ra'at ha'adam baaretz vekol yetzer  
Machshavot libo rak ra kol hayom,  
Vayenachem habore ki asa et ha'adam baaretz,  
Veyt'atzev el libo";
