

Oscar Brand, Buckle Down With Nixon

Buckle down with Nixon, buckle down
We can win with Nixon if we buckle down
We can always fight
When we know we're right
And we know we're right, so buckle down

Make 'em yell for Nixon, make 'em yell
We can win with Nixon if we make 'em yell
If we don't give in
Take it on the chin
We can win with Nixon if we'll only buckle down

He has been to fifty lands across the sea
And they know he stands for peace and liberty
He has friends everywhere
Over here, over there
What a president he'll make for you and me

Buckle down with Nixon, buckle down
We can win with Nixon if we buckle down
He has set the pace
We will win the race
Yes, we'll win the race with a Nixon victory
