

Oscar Brand, I'm Feeling Good About America

There's a change that's come over America
A change that's great to see
We're going back to work again
It's better than it used to be
I'm feeling good about America
And I feel it everywhere I go
I'm feeling good about America
And I feel you ought to know

I'm feeling good about America
It's something great to see
I'm feeling good about Gerald Ford
And I'm feeling good about me
I'm feeling good about Gerald Ford
And I'm feeling good about me
