

# Otis Redding, Everybody Makes A Mistake

Out in the street, all night  
While the one who love me  
She was sitting at home

I was a fool  
Paying the bills  
Everybody makes a mistake sometimes

But when I got home, oh  
My baby, she was gone  
And I found a letter  
Right there on the kitchen floor, it read:

"I tried to wait for you to come, honey  
But like a fool..."  
I'm sorry  
Everybody makes a mistake sometimes

"So if you are running around with somebody else  
Try to satisfy, man you can't satisfy your selfish self  
Man, you gotta take heed  
'Cause that same thing might happen to you someday  
Everybody makes a mistake sometimes

I know, because I've made mine  
I made a great big one  
I made a great big one  
I want you to come back to me baby  
I love you darling  
I love you baby
