

# Otis Redding, Nobody's Fault But Mine

I couldn't love you your way  
Yet and still  
But now I miss you  
Ain't nobody's fault but mine, ha, uh

What will I do tomorrow  
Wallow  
But crying ain't gonna help  
Ain't nobody's fault but mine, gatta-

One day, I've gotta pay for my mistakes  
It's gonna carry me straight to my grave  
I wanna tell ya somethin', uh

Instead of you trying to spend my money

But I was just a doggone fool  
Trying to be so doggon cool  
Ain't nobody's fault but mine, ha, uh

I need a little bit of help now
