

# Our Lady Peace, If You Believe

So, you've made up your mind  
You're tired of trying  
Time to be scared  
And you wanted to fly  
You can't close your eyes  
Time to beware

But if you believe in the world I'm calling  
And if you belong in the world I saw  
And if you believe in the world I'm calling  
You'll be strong

So you wasted your time  
You willed it goodbye  
Time to be scared  
You thought you could buy  
Your last piece of mind  
Time to beware

But if you believe in the world I'm calling  
And if you belong in the world I saw  
And if you believe in the world I'm calling  
You'll be strong

But if you believe in the world I'm calling  
And if you belong in the world I saw  
And if you believe in the world I'm calling  
You'll be strong
