

Our Lady Peace, Shaking

So, you fucked this up again
It's time for you to leave
You never had many friends
And you thought this was all right
You're rushing to meditate
Should eat but probably wait
You never thought of yourself, of yourself

Why are you shaking?
Why are you right?
But I will be the only one who gives
And lets you in tonight

And lets you in tonight

Walk, you could never walk away
From a speedfreak collagen
Decaffeinated place
You're always reaching in
Looking for somewhere to go
And nobody needs to find out
And nobody needs to know what you know, what you know

Why are you shaking?
Why are you right?
But I will be the only one who gives
And lets you in tonight

And lets you in tonight

Do do do do do

Do do do do

Do do do do do

So you wonder about the past
When you know that its already been
Nothing seems to last
Will it last?

Can it last?

Why are you shaking?
Why are you right?
But I will be the only one who gives
And lets you in tonight

And lets you in tonight

Who lets you in

Who lets you in

Who lets you in

Who lets you
