

# Out Of Season, Resolve

Time rolls  
As days go by  
And now I've figured  
That I ain't gonna last  
Summer skies  
Are leaving me behind

So resolve your loving said all  
I'll be lost when you're gone  
Blind me from keep  
Blind me

Times told  
As days go by  
I still ponder this old question why  
But now I know  
There's no time to decide

So resolve your loving said all  
I'll be lost when you're gone  
Blind me from keep  
Blind me

And daylight knows  
How my eyes have tired  
Like the circles  
Life evermore will bear

So resolve your loving said all  
I'll be lost when you're gone  
Blind me from keep  
Blind me
