

Out Of Your Mouth, Beautiful When You're Mad

Who said masochist, nothing with a closed fist, just a little damage with a tongue.
Kinky little dark side, play a little hard to like, just try to have a little fun.
Sticking it in sticking it out mutha fucka, are ya shitting in your own back yard?
Why do I like it so hard?

You're beautiful when you're mad at me
I piss you off so I can see
The crazy way you yell and scream
You're beautiful when you mad at me, at me

Who said masochist, nothing with a closed fist, just a little damage with a tongue.
Kinky little dark side, play a little hard to like, just try to have a little fun.
Sticking it in sticking it out mutha fucka, are ya shitting in you own back yard?
Why do I like it so hard?

What you want don't come from me.
What I expect is not reality.
'Cause I'm sick and honest, you may be hot,
But you're jumping up and down with a bitter little frown
And I'm gonna turn you inside out.

You're beautiful when you're mad at me.
I piss you off so I can see,
The crazy way you yell and scream.
You're beautiful when you mad at me, at me

You're beautiful when you're mad
You're beautiful when you're mad at me.
You're beautiful when you're mad
You're beautiful when you're mad at me.

You're beautiful when you're mad at me.
I piss you off so I can see,
The crazy way you yell and scream.
You're beautiful when you mad at me, at me

You're beautiful when you mad at me, at me
You're beautiful when you mad at me, at me
