

Out Of Your Mouth, Bug

Come with me
To a place inside the light

I don't wanna be a moth in a beautiful frame
Gasoline dreams burning in the flames
Nothing can defeat me a creature isn't beaten
As long as I am feeling the pain

I don't wanna be a moth in a beautiful frame
Gasoline dreams burning in the flames
Nothing can defeat me a creature isn't beaten
As long as I am feeling the pain

Burn your wings, you bang
Your face on the light
Scratch and bite
They'll try to take your life

I dont wanna be a moth in a beautiful frame
Gasoline dreams burning in the flames
Nothing can defeat me a creature isn't beaten
As long as I am feeling the pain

I dont wanna be a moth in a beautiful frame
Gasoline dreams burning in the flames
Nothing can defeat me a creature isn't beaten
As long as I am feeling the pain

Poor bug I'm a bug
Is there love in this world for a bug
I'm a bug I'm a bug I'm a bug

For a bug, I'm a bug
Is there love in this world for a bug
I'm a bug I'm a bug I'm a

I dont wanna be a moth in a beautiful frame
Gasoline dreams burning in the flames
Nothing can defeat me a creature isn't beaten
As long as I am feeling the pain

I dont wanna be a moth in a beautiful frame
Gasoline dreams burning in the flames
Nothing can defeat me a creature isn't beaten
As long as I am feeling the pain

For a bug, I'm a bug
Is there love in this world for a bug
