

Outlandish, Aicha

[Verse1]

So sweet, so beautiful
Everyday like a queen on her throne
Don't nobody knows how she feels
Aicha, Lady one day it will be real
She moves, she moves like a breeze
I swear I can't get her out of my dreams
To have her shining here by my side
I'd sacrifice all the tears in my eyes

[Chorus]

Aicha Aicha - passing me by (there she goes again)
Aicha Aicha - my my my (is it really real)
Aicha Aicha - smile for me now
Aicha Aicha - in my life

[Verse2]

She holds her child to her heart
Makes her feel like she is blessed from above
Falls asleep underneath her sweet tears
Her lullaby fades away with his tears

[1/2Chorus]

[Bridge]

She needs somebody to lean on
Someone body, mind & soul
To take her hand, to take her world
And show her the time of her life, so true
Throw the pain away for good
No more contemplating boo

[Verse3]

Lord knows the way she feels
Everyday in his name she begins
To have her shining here by my side
I'd sacrifice all the tears in my eyes
Aicha Aicha - ecoute moi

[Chorus]
