

Outlandish, Better Days

Oh oh
Maniacs will you sit
While geniuses drive you cabs
Oh oh
Deaden jobs that might leave you
Dead at the job
Oh a place where you can third world
In the first world

Yeah we the seed planted
By those you choosed to drive up north
In broke cars with hope up
Sending paper back home
And to see better days
Every dollar got a deed for in a third world mentality
Just like in your country

Poverty is like love
Makes you do some crazy things
Give it up without trying
Either that or just dying
Either that or just dying
Poverty is like love
Makes you do some crazy things
Give it up without trying
Get with out trying
Either that or just dying
Poverty is like love /3x
Some better days /2x

Oh oh
Es un mundo de secretos confesiones
Honrados y ladrones
Es dificil ser honesto
Porque no alcanzes presupuesto
Si lo quiero ya lo tengo
Si no lo tengo lo pretendo

Yeah
We part of the plead
Channeled by most folks that try for much more
Than just an ID so we can bring the whole fam's up
See better days
So we plant our own seeds with the first
The mentality that I saw blinded on reality

Poverty is like love
Makes you do some crazy things
Give it up without trying
Either that or just dying
Either that or just dying
Poverty is like love
Makes you do some crazy things
Give it up without trying
Get with out trying
Either that or just dying
Poverty is like love /3x
Some better days /7x

Hey you work,you work,you work, you work
You work,you work for jerks and bossess
Who don't see people, see profits
Not the holy kind, i'm talking dollars signs
Poverty like love

Struck by cupid
Poverty and movement
blinded and love
He spreaded it out a little bit
Love is cupid
Poverty is stupid

Poverty is like love
Makes you do some crazy things
Give it up without trying
Either that or just dying
Either that or just dying
Poverty is like love
Makes you do some crazy things
Give it up without trying
Get with out trying
Either that or just dying
Poverty is like love /3x
Some better days /7x
