

# Overcome, I Rise Above

I rise above the futile words of enemies attempts to alter to my cause  
I rise above  
I rise above the actions of demons attempts to destroy my spirit  
I rise above  
no force could change the way I feel  
no wind could kill my flame  
Your worlds will only build my spirit  
till death will I stand in Jesus' name  
I will not think this over twice  
I have the power of the true risen Christ  
and I will not fear the face of death  
for I know that my enemies shall not triumph over (me).
