

Oxymoron, Anti

There's too much pressure braking down on me
But I'm fed up, full of disdain
Law and Order - just an empty phrase
I'm antisocial cause I have it my own way

No survival if you ignore their dictates
I've got no idol and my god is me
All this mess-up has blown my fuse
So call me a rebell or a living abuse

[chorus:]

I'm Anti - fashion
Anti - religion
Anti - police
And Anti - system
Anti - commercial
Anti - prison
Anti - everything
