## Oysterhead, Oz Is Ever Floating

Oz is always floating, ever drifting, sometimes doting over things that mean the world to Doctor John C. Lilly

In the tank he's grooving, ever sifting, sometimes smoothing, of the things that mean the world to Doctor John C. Lilly

(Are you still floating Doctor John C. Lilly?)

Drifting as the time goes by Across the inner cosmos he is calling.

His tank is isolating. In his mind, he's elevating All the things that mean the world to Doctor John C. Lilly

(Are you still floating Doctor John C. Lilly?)

In the liquid he will ride, Rehearsing for the final act of time.

(Oz is everfloating) Doctor John C. Lilly

repeat 4x
