Or is it all in confusion? Better yet all an illusion Shots rang through the hall bullets cruisin for bruisin Don't let this heartless bastard take my life away I don't wanna conceive takin his either Dipped into the back and took a breather Heard steps steady in closin with the bullet skeezer Gotta do somethin, I ain't scared to go but yet my heart is steady pumpin for somethin I refuse to be the one that they be dumpin Gotta get away before the techs start gunnin Bodies start jumpin, wreckin my brain not to try and understand but withstand, is it cause I'm a rich man Or just to try to put a brother down in the dirt like quicksand But no matter what the reason, I don't wanna stop breathin There's dreams to fulfill still Can't complete em with a still kill Face to face with enemies still grill Forgive me for the pain I've caused and the sins I've committed even though I'm not hopin to go I wish someone would open the do' This man's holding the trigger and his finger's steady choking it slow Is this the end? Chorus Chorus Two: Ginuwine Just, can't, let, go (Is this the end?) I, just, don't, know Wish it would've happened then Verse Two: Puff Daddy, Twista Did I just hear a tight jam, now it's on let make my maneuver Hit the alley saw a man in a landcruiser In his hand was a Ruger, dipped in a Lex like Luger Heard shots from a steel bruiser Teflon in the seat took a pale stress Felt the hate on my chest as I placed on my vest

What's wrong with the brakes in the LX? Ran straight into a lightpole, just before I got my life stole A car came to the rescue I bailed in and said, "Bless you But what made me the man you would wanna show help to?" I proceeded to ask him, and he said with a passion I could never watch a soul die, plus you the man lookin too fly (But who are you?) The pimp nigga named Twista from the cold Chi When the sun's shy gotta keep one eye, nigga I been shot at and stole on No protection from one time, only caught for my prime So I asked the Father what I did so wrong? Cause shit it's been hard for me besides chief and the smell of sweet news when the beef brew Motherfuckers steady ballin but steady fallin right in detours, bout to hit my feet soon So I just presume, deep into the rhymes of a rapper Prepare my mind for the capture Thinkin Ginuwine like the bachelor But why these niggaz wanna make us into crime with the rapture? Ego for dispersin us, don't even hurt the clutch Cause he's coldblooded and merciless Steady bustin shots at both of us, was the strap close to us Then for survival we both to bust But Renaults get to roast to crush, cause he steady gettin closer Paranoid like a crackfiend when the gat seen scream when the bullet hit me in the shoulder Don't wanna die til I get older Try to visualize the beholder, he's inconceivable so now my sight is gettin dark a lot Best to step off in this parking lot where them dogs bark a lot And try to wait until his maget hot I can make a person fight to survive whether good or connivin You never know when it's your time to leave Smokin weed to keep my mind at ease, let's go back to the car but wait, I can't find the kevs Plus we didn't chill long enough, the footsteps are comin close Is it one of them unholy men? With a strap ready to boldly sin Mama told me it was comin, but I wish she would atold me when Is this the end? Chorus 2X (Chorus Two fades out at the end)
