

P.O.D., Drop - feat. Randy Blythe

Spit fire, dripping from my lips
Take me higher in the mix
Let it rock
Let it rock
Let it rock
Till you drop!
Let it rock, till you drop
Let it rock
Let it rock
Let it rock
Let it rock
Let it rock
Till you drop!

Move, move the crowd
Everybody get down
We're going straight to the top
Now let the whole world drop

Don't ever play with fire cuz you might get burned!
If you play with fire you're gonna get burned!

Spit fire, dripping from my lips
Take me higher in the mix
Let it rock
Let it rock
Let it rock
Till you drop!
Let it rock, till you drop
Let it rock
Let it rock
Let it rock
Let it rock
Let it rock
Till you drop!
Drop, drop, drop
Drop, drop, drop
Drop, drop, drop
Drop, drop, drop
Till you

Set fire to the system
Set fire till they listen
Set fire to the system
Now watch the world drop

Don't ever play with fire cuz you might get burned!
If you play with fire you're gonna get burned!

Spit fire, dripping from my lips
Take me higher in the mix
Let it rock
Let it rock
Let it rock
Till you drop!
Let it rock, till you drop
Let it rock
Let it rock
Let it rock
Let it rock
Let it rock
Till you drop!
Drop, drop, drop
Drop, drop, drop

Drop, drop, drop
Drop, drop, drop
Till you

Burn!
Fire Burn!
Drop that!
Now watch the whole world drop!

Spit fire, dripping from my lips
Take me higher in the mix
Let it rock
Let it rock
Let it rock
Till you drop!
Let it rock, till you drop
Let it rock
Let it rock
Let it rock
Let it rock
Let it rock
Let it rock
Till you drop!
Drop, drop, drop
Drop, drop, drop
Drop, drop, drop
Drop, drop, drop
Till you
