

# P.O.D., Freedom Fighters

Today I heard what them people say  
Dem want to live free greedily, with everyone to pay.  
You play under the sun while others fight and dies away  
but I say if you don't like it this way, then why stay? Go away

Today I heard what them people say  
Them say "The Man came in and he took our choice away"  
You portray selfishness and hate  
While some prepare to die today  
I say you fade away, appreciate life and liberate

We have the right - to live in peace  
and you must fight - for what you keep  
If what you keep - holds truth inside  
Stand up, defend - lay down and die

We have the right to live in peace  
You must fight for what you keep  
If what you keep holds truth inside  
Stand up, defend, or lay down and die
