

P.O.D., This Ain't No Ordinary Love Song

I don't belong
Too many wrongs
I'm so undeserving.
I'm lost inside confusing minds. a slave to what i'm feeling.
Scared of what i'm thinking. i'm not worried about forgiving you
The simple truth

This ain't no ordinary love song

This love undone
Words left unsung
Now i have become me.
The reasoning escapes my soul that leads to understanding
Loving you to death is stopping someone else from living too
Now it's killing you.

[chorus]

Losing control to all my thoughts
I want to let go but i cannot
This is my love it's all i got
Don't take there in hell i'll rot

This is my love it's all i got

[chorus]
