

# Pain, Walking On Glass

So how many times do I have to pick myself up  
When you're just crushing my life?  
So I can carry on  
Fill my soul so hollow

I've been down the drain  
And washed away  
And still I come back for more  
I keep my head up high  
Always try to walk the line

I'm not like you  
My life flashes before my eyes  
No, I'm not like you  
The truth turns me upside down

Here it comes again  
Pain is calling me  
And I don't understand  
It's just like walking on glass  
Here we go again  
And I can't turn it off  
It's been following my past  
It's just like walking on glass

Life's too short but I don't give a fuck  
Why try to think like you  
I have my own free will  
Life is built on sorrow

Fields of burning lies is getting clearer by age  
Soon we start to realize  
Born and raised in a cage

I'm not like you  
My life flashes before my eyes  
No, I'm not like you  
The truth turns me upside down

Here it comes again  
Pain is calling me  
And I don't understand  
It's just like walking on glass  
Here we go again  
And I can't turn it off  
It's been following my past  
It's just like walking on glass

Walk with me  
It's getting dark  
Walk with me  
We'll try to save our broken souls

Here it comes again  
Pain is calling me  
And I don't understand  
It's just like walking on glass  
Here we go again  
And I can't turn it off  
It's been following my past  
It's just like walking on glass
