

# Paloalto, Fade In Fade Out

I'll give myself some energy  
I took it from the shell (shower)  
I'll make myself reanimate  
And turn away  
I can see the road I'm running on  
It's dangerous from the start  
Than my soul and my enemies were thrown away  
What he doesn't know  
I'm not going on  
I'm not gonna stay this way again  
What he doesn't know  
I'm not going home for days  
It took my soul from the cannabis  
I knew it from the start  
With it, myself and my energies  
Were thrown away  
I can see the road that I started from  
It's stable from the course  
Right then my stop and my ending ways  
Were thrown away  
What he doesn't know  
I'm not going on  
I'm not gonna stay this way again  
What he doesn't know  
I'm not going home  
I'm not gonna stay this way again  
What he doesn't know 'bout this way...  
All this time I'm pacing for it  
I'll go further  
And all this time I'm pacing  
Really doesn't matter if you fight me, fight me on  
What he doesn't know  
I'm not going on  
I'm not gonna stay this way again  
What he doesn't know  
I'm not going on  
I'm not gonna stay this way again  
What he doesn't know 'bout this way  
What he can be tamed this way again  
What he doesn't know 'bout this way  
Baby, baby, baby, baby  
All the soul would hurt  
The soul would hurt  
Pull it out of you yeah you
