

Paloalto, Seed

Save

I'm walking out the door
My head's doing summer salt
I don't know if I'm clean

Run

I'm jumping off the fence
I'm half way to pay the rent
I can't make it out here

Cole man makes the hole

Sleeping citizens

Coming like the door

It's how you play the game

Cross

It's easy when you run

It's always when you're fun

Have the day past gone by

Cole man makes a hole

Sleeping citizens

Cole man lock the door

It's how you play

Now when I see my own reflection

Run in doubt of the subwork

It's nothing first to then the sun can take

Cole man makes a home

It does

Sleeping citizens

Cole man lock the door

It's how you play the game...
