

# Pansy Division, Beercan Boy

Size don't matter  
Well that's usually true  
More important  
Is who it's attached to  
But to find a larger tool  
can sometimes be so thrilling  
It goes down smooth  
Definitely more filling  
It's fat and wide  
I can barely get my hand around it  
Thick as a can of beer  
Waiting for my lips to surround it  
When i was young they'd complain  
That i had a big mouth  
But now it comes in handy  
When my beercan boy gets randy  
Beercan boy, my beercan boy  
Beercan boy, my beercan boy  
I want to get him off  
And feel his silky jizz  
I want to pop his top  
And see him spurt and fizz  
Look at the head on that brew!  
I'll go down on it and nuzzle it  
But no swallowing allowed  
Even though i'd to guzzle it  
I'm afraid we'll get into a quarrel  
Cause with one that big  
It's tough to do anything more  
Than oral
