## Pansy Division, This Is Your Life

You had it all arranged How our life would be Problem is, you never asked Or consulted me

We'd share your life Your loving man at home Forgetting that I have a life That I can call my own

You wrote the role You'd have me play But I'd have to be an actor For it to work out that way

This is your life, not mine This is your life, not mine This is your life, not mine And I'm getting out in time

You've had this house And lived in it for years Now you want me to give up my place And move in with you here

But it has your stamp A strong identity No matter how much I love you It'll never belong to me

The life you've planned I could never take And the sacrifice you ask is one That you would never make.

This is your life, not mine This is your life, not mine This is your life, not mine And I'm getting out in time

This is your life, not mine This is your life, not mine This is your life, not mine And I'm getting out in time
