

Pantera, Hot & Heavy

You say that
You want a piece of me
Well baby
Take a big bite
Too much to believe
That's what I like
I've been known
To blow my top
Just to get my kix
I might eat
Your heart out
Just to get my kix

I've got a line on u
I've got my ize on u
I'm gonna luv u
Black and blue
I'm cummin' down on u

I'm burnin' hot
Hot and heavy
It's what I want
Hot and heavy

Take a look at
My ice cream cone baby
Go ahead take a lick
Can't wait
To take you home
Beat you with my stick
I've seen what
You got before
But I'd like
To see it again
It's red hot
That's for sure
Tell me girl
Where and when
