

# Pantera, One Of A Kind

I've got this feeling deep inside,  
But what it is, I don't know.  
My vision starts to change,  
My mind gets filled with rage,  
I raise my fists up to the sky.

(what do ya see?)

The fear I see when I look in your eyes,  
Makes you believe I'm one of a kind.

(one of a kind)

The fear I leave in the back of your mind,  
Makes you believe I'm...

(one of a kind)

(one of a kind) x2

And now I feel like I'm alive,  
Don't know just how I got so alone.  
These voices in my mind,  
Tell me it's killing time,  
It is a thrill I can't describe.

(what do ya see?)

The fear I see when I look in your eyes,  
Makes you believe I'm one of a kind.

(one of a kind)

The fear I leave in the back of your mind,  
Makes you believe I'm...

(one of a kind)

(one of a kind) x4

The fear I see when I look in your eyes,  
Makes you believe, makes you believe.  
The fear I see in the back of your mind  
Makes you believe, makes you believe.

The fear I see when I look in your eyes,  
Makes you believe I'm one of a kind.

(one of a kind)

The fear I leave in the back of your mind,  
Makes you believe, makes you believe.

(one of a kind)

The fear I see when I look in your eyes,  
Makes you believe I'm one of a kind.

(one of a kind)

The fear I leave in the back of your mind,  
Makes you believe I'm one of a kind.
