Pantera, War Nerve

Truly, fuck the world, For all it's worth, Every inch of planet Earth, Fuck myself, Don't leave me out, But don't get involved, Don't corner me

Inside, ulcer, Unjust bastards, File out face first Meet the lies and see what you are

[Pre:]

It's forcing you down, and it's grinding against you Let the war nerve break

[Chorus:]

For every fucking second the pathetic media pisses on me and Judges what I am in one paragraph - Look here - Fuck you all

Expect the worse, You bleeding heart, But kill me first Before it starts, Yes my cock is getting hard, We are born different after all

Invite mayhem, Produce weapons, Shoot out, Burn down No CNN or media now

[Pre] [Chorus]

All the money in the fucking world couldn't buy me one second of trust Or one ounce of faith in anything you're about Fuck you all

Nothing is worth the sleep that I've lost Apologies unacceptable now A blistered revenge awaits in me This is fucking loveless

Hate

Hate mail is not read, in jail instead Hate

The Lord knows, There's worse Ignore, this curse Hate
