I'm afraid of you anyway
Crash test dummies fill me with drugs
Let's see if I'm inflatable
You're a perfect example of my fear of humanity
Fucked up baby got nowhere to go
I had it all I let it go and now I finally sold my soul

F U C K H E A D
You think my life is sound just because your world is burning
F U C K H E A D
You think I got your back you never meant shit to me
