Paola & Chiara, Viva el Amore (english)

Everything is right
At night
In our room
Then I think that we'd be just fine spending time
But it's too soon
Taking the heat
'Cause your love is so sweet
Dreaming through the night
Hold on tight
Viva el Amor
We're touching the tip of desire

Viva el Amor It's taking us higher an higher

It's taking us higher an higher One look and I'm yours

That pull between us

Making me feel strange in a way

I can't say But it's just

When you're not here Something I cannot bear

I'm dreaming through the night

Hold on tight Viva el Amor

We're touching the tip of desire

Viva el Amor

It's taking us higher an higher

Viva el Amor

Now something is taking me over

Viva el Amor

This magic is bringing us closer

How do you feel all that's left is unreal I am in your hands You show me a way to keep loving you each day

Viva el Amor
