

# Paolo Nutini, January

Oh, oh oh oh  
La da da da, da  
La da da da, da  
I sit around and wonder  
About the fire in your eyes  
The movement of your fingers  
The way you slowly complicate my life  
From the time we spent together  
Which is what led to our demise  
And how we never can say never  
But I struggle just to make it through most nights  
But please never change, never change girl  
No please never change, never change girl  
Could it be January 'cause it feels so cold without you here  
Oh you are the sun  
Yesterday and everyday seems so plain  
Now you're not here, my color's gone.  
I guess nobody's got a eyesight  
There's nobody got a time  
There's nobody got a conscience  
There's no one to pull us back from this divide  
I don't want to be an island  
I don't want to be confined, oh  
Just no more days of torture with you preying on my mind  
And I said  
Nothing's gonna change, Nothing is gonna change  
Nothing's gonna change, never going to change  
No, no, no,  
Could it be January 'cause it feels so cold without you here  
Oh you are the sun  
Yesterday and everyday seems so plain  
Now you're not here  
My color's gone  
And there's a cold day coming won't you keep me warm  
There's a cold day coming 'til you come  
There's a cold day coming won't you keep me warm?  
There's a cold day coming 'til you come, Oh  
Oh could it be January 'cause it feels so cold without you here  
Oh you are the sun  
Yesterday and everyday oh it seems so plain  
Now you're not here my color's gone  
And I say, could it be January 'cause it feels so cold without you here  
Oh you are the sun  
Yesterday and everyday oh it seems so plain  
Now you're not here my color's gone
