

Papa Roach, Caught Dead (Bonus Track)

I've got passion, and a reason
And I won't neglect my emotions
Because I wanna spill, spill my guts
But I don't want to pick them up
I've got passion, and a reason
And I won't neglect my emotions
I'm excited that I'm exploding
I'm ignited and I'm ready to go off
Rather be caught dead than weak ..
Cause I'd rather be caught dead than be weak
And in my last days I'll still be standing strong
Cause I'd rather be caught dead than be weak
And in my last days I'll still be standing strong
I wanna spill, spill my guts
But I don't want to pick them up
I've got too much pride and desire
To let this go, I'll walk through fire
I've got passion, and a reason
And I won't neglect my emotions
Rather be caught dead than weak ..
Cause I'd rather be caught dead than be weak
And in my last days I'll still be standing strong
Cause I'd rather be caught dead than be weak
And in my last days I'll still be standing strong
I'd rather be caught dead than weak (x2)
I'd rather be caught dead than be weak
And in my last days I'll still be standing strong
Cause I'd rather be caught dead than be weak
And in my last days I'll still be standing ...
