

# Papa Roach, Dying To Believe

Yeah, I'm dying to believe  
That we're more alike than we think  
That we're all the same underneath  
Yeah, I'm dying to believe  
That we're more alike than we think  
And I'm dying, I'm dying to believe

(Dying to believe)

Feels like everybody got everybody up in a chokehold  
And ain't nobody wanna let go  
Always stuck in the prison  
Are we losing our vision? Are we stuck in the past right now?  
Building walls around our hearts  
Six feet deep, but we can start  
Digging down to nowhere now

Yeah, I'm dying to believe  
That we're more alike than we think  
That we're all the same underneath  
Yeah, I'm dying to believe  
That we're more alike than we think  
And I'm dying, I'm dying to believe

(Dying to believe)  
(Dying)

And we're point at the problem, but the problem is inside  
The enemy isn't all that  
Till we make a decision  
Till we die in a vision  
Separate and we all shut down  
Building walls around our hearts  
Six feet deep, but we can start  
Digging down, we can't get out

Yeah, I'm dying to believe  
That we're more alike than we think  
That we're all the same underneath  
Yeah, I'm dying to believe  
That we're more alike than we think  
And I'm dying, I'm dying to believe

You say all hope is gone  
But I say, you're dead wrong

You say all hope is gone  
But I say, you're dead wrong

Yeah, I'm dying to believe  
That we're more alike than we think  
That we're all the same underneath  
Yeah, I'm dying to believe  
That we're more alike than we think  
And I'm dying, I'm dying to believe

(Dying to believe)
