

Papa Roach, Even if I Could

I've got issues, so does everyone.
That never stopped you from sleeping with this loaded gun.
I'm sorry for everything I have done (everything I have done).

And now you're telling me
that I am the one that won't amount to no good.
I'd never die for you, not even if I could.
And I am the one that's always misunderstood.
I'd never die for you, even if I could.
Die for you, you know I never would.

Mommy's little monster,
wrapped inside a box.
Can't forgive her,
she threw away the f*cking key.
I'll haunt her
for the rest of her life (for the rest of her life).

You're always telling me
that I am the one that won't amount to no good.
I'd never die for you, not even if I could.
And I am the one the one that's always misunderstood.
I'd never die for you, even if I could.
Die for you, you know I never would.

You know that I can never forgive you.
You wear it out.
You break me down (you break me down).

You're always telling me
that I am the one that won't amount to no good.
I'd never die for you, not even if I could.
And I am the one the one that's always misunderstood.
I'd never die for you, even if I could.
Die for you, you know I never would.

You know, you know I never would /4x
