

# Papa Roach, Harder Than A Coffin Nail (Bonus T

God bless the coffin they carry me off in  
God bless the coffin they carry me off in  
Carry me off in ..  
I've walked amongst the living dead  
And I'm sick of the voices that are in my head  
I've taken a ride and I'll dance with death  
I had nine lives and I got one left  
Cause I've got what you want, you've got what I need  
Let's get together and keep me forever  
Yeah .. WAAAAHHH!!!  
Cause I'm harder than a coffin nail  
I've been to heaven, I've been to hell  
I'm harder than a coffin nail  
I've been to heaven, I've been to hell  
I never thought I'd need someone's help (I don't need you)  
Cause I can handle it all and do it by myself (I'll do this by myself)  
I'm never alone until I hit rock bottom (Not afraid to fight)  
I'm so f\*cking stubborn, so f\*cking rotten (Hit the bottom)  
Cause I've got what you want, you've got what I need  
Let's get together and keep me forever  
Yeah .. WAAAAHHH!!!  
Cause I'm harder than a coffin nail  
I've been to heaven, I've been to hell
