

Papa Roach, Harder Than A Coffin Nailuk B

God bless the coffin they carry me off in
God bless the coffin they carry me off in
They carry me off in

I've walked amongst the living dead
And I'm sick of the voices that are in my head
I've taken the ride and I've danced with death
I had nine lives and I've got one left

Cause I've got what you want
You've got what I need
Let's get together and keep me forever
Yeah waaaaaaaahhh!

I'm harder than a coffin nail
I've been to heaven, I've been to hell x2

I never thought I'd need someone's help
(I don't need your help)

Cause I'll handle it all and do it by myself
(I'll do this by myself)

i'm never alone till I hit rock bottom
(I'm not afraid to fall)

I'm so fucking stubborn and so fucking rotten
(Hit the bottom)

I've got what you want
You've got what I need
Let's get together it'll take me forever
Yeah waaaaaahhh!

I'm harder than a coffin nail
I've been to heaven; I've been to hell x2

God bless the coffin they carry me off in..
God bless the coffin they carry me off in..

I've got what you want
You've got what I need
Let's get together it'll take me forever
Yeah waaaaaaahh!

I'm harder than a coffin nail
I've been to heaven; I've been to hell x2

God bless the coffin they carry me off in!
God bless the coffin they carry me off in!
