

# Papa Roach, Leave A Light On

Dry bones rattle in a lonely soul  
Slipped and fell into a deep black hole  
I can tell you're lost, I'm here for you  
Wild fires burning you down to stone  
Blind eyes, turning from a world so cold  
A million miles apart, within my reach

It's not like me, to worry  
But when I see you fading in the dark  
I'll leave a light on for you  
Through the long nights, I will be right  
There for you if you drift too far  
I'll leave a light on for you  
You  
You

The rain comes following an endless drought  
To wash away the remnants of all your doubts  
I hope that you see me looking out

It's not like me, to worry  
But when I see you fading in the dark  
I'll leave a light on for you  
Through the long nights, I will be right  
There for you if you drift too far  
I'll leave a light on for you

Through the long nights, I will be right  
There for you if you drift too far  
I'll leave a light on for you  
You  
You
