

# Papa Roach, March Out Of The Darkness

It feels like the end of the world  
It seems like nobody cares  
Is it real or am i going insane  
Am I ever gonna change my way  
Seperated  
Sick of the mess I Created  
The Pressure keeps rising  
When the truth is what im finding  
We March out of the darkness  
We in the flames  
The mission is accomplished  
I'm ready for the cage  
The only thing that will set us free  
is living trough the pain  
And the only thing that I cannot take  
Will never be the same.  
It feels like im still in a cage  
I scream till im blue in the face  
Is it real or is it a fase  
It's time that i change my ways  
I'm ready I'm willing  
To take what i've been giving  
The pressure keeps rising  
Cause the truth is what i'm finding  
We march out of the darkness  
We ... in the flames  
The mission is accomplished  
I'm ready for the cage  
The only thing that will set us free  
is living trough the pain  
And the only thing that I cannot take  
Will never be the same.  
Its ok, its allright  
just let go you'll be fine  
its ok, its allright  
just let go you'll be fine  
We March out of the darkness  
We ... in the flames  
The mission is accomplished  
I'm ready for the cage  
The only thing that will set us free  
is living trough the pain  
And the only thing that I cannot take  
Will never be the same.  
Its ok, its allright  
just let go you'll be fine  
its ok, its allright  
just let go you'll be fine  
It's Ok  
It's allright  
Just let go, you'll be fine  
It's ok  
It's allright  
Just let go, you'll be fine
