

Papa Roach, Time Is Running Out

Woah-o, woah-o, yeah, yeah

You say I'm looking really bad, you say I'm looking really sick

And I don't even care I never really did

So when push comes to shove and I slap you in the face

Just remember one thing...

When its time to fill the void my whole life has been destroyed

And everyone around me says my time is running out

I refuse to surrender, I refuse to surrender

So when I'm out of control and I'm out of my m ind

Just remember one thing, I think I'm just fine

So catch me when I fall, I won't remember a thing at all

So catch me when I fall
