

Papermoon, Night After Night

All alone
I have tried to
write a few words to you
all alone
I have tried to
Live with the pain

I wonder now
Are you alone
Is somebody with you
I wonder now
How can I go on
when you're not around

refrain:
night after night I am waiting for someone
I'm calling you day after day after day
Can't you hear me

Tell me now
How can you be strong
When somebody needs you
Tell me now
Where do I belong
Can't find my way home
I run away
Away from the storm
Turn around
See the hills
See the sky
See the sun

Refrain

I can't believe
Is it true
This paperback story
I can't believe
Is it true
That you are gone

Refrain x2

Night after night after night
Day after day after day
Night after night after night
Day after day after day
