

Para Para Paradise, O Sole Mio

Pick up the phone listen to me
I got something really happy just to tell you baby
Look at the sun by the window
Ready to dive into this ray of light together

Chorus

Boys & girls to dance

Italiano

Reaching the mix..... enjoy with Para Para

We got the catching taste

We got the music that we need

Sing a song with me

O sole mio (all together singin' in the sun)

Stay in front of you (like a girl from Japan)

O sole mio (take it easy now it's summer time)

The sun is mine today..... do you know !

O sole mio (all together singin' in the sun)

The risin' sun (like a boy from Japan)

O sole mio (take it easy now it's summer time)

The sun is mine today..... do you know !
