

Para Para Paradise, Yesterday

Yesterday...

Yesterday, I had a dream of you
I gave your love away but I belong to you...

Yesterday...

Rainy days on my hair without you
Sunny days on my skin around you
I feel better when I remember yesterday yeah

Memories in my heart how does that feel
Memories in my mind seems to be real
What a wonderful tale about my yesterday

In the night I was awake for love
But I had no fear to break my heart
In the light of burning summertimes
When I had the life in...

Remembering yesterday I had a dream of you
I gave your love away but I belong to you

Remembering yesterday I had a dream of you
I gave your love away but I belong to you

Funny faces a pictures in my hand
Crazy races to play ball on the sand
What a wonderful chance to feel my yesterdays

In the night I was awake for love
But I had no fear to break my heart
In the light of burning summertimes
When I had the life in...

Remembering yesterday I had a dream of you
I gave your love away but I belong to you

Rememberinn yesterday I had a dream of you
I gave your love away but I belong to you

Yesterday...

Yesterday I had a dream of you
I gave your love away but I belong to you
