

# Parachute, What I Know

I take the car and drive the night  
The white stripes blur and ease my mind  
When all that's left is a single line  
Instead of this confusion  
And I'm not certain of the way it was  
And I'm not sure what I could of done  
Oh but I wonder if it had been enough  
To stop her from leaving  
And I realize the only thing I know is

She said, I'm in love with some one else she said  
I fell in love with some one else and I  
I'm in love with some one and that's all that I know for sure

I stop the car and close my eyes  
I can see her face, but It takes a while  
And it feeds it like the morning light  
Slow and unfocused, So I go home and  
She's sitting on the kitchen chair  
Oh a suitcase waiting by the stairs  
Oh they're both worn out from all the years  
They're ready to let go  
And I realize the only thing that's sure is

She said , I'm in love with some one else she said  
I fell in love with some one else and I  
I'm in love with some one and that's all that I know for sure  
She's in love with some one else she said  
She fell in love with some one else and that  
She's in love with some one and that's all that I know for sure

And I'm on my knees  
And I'm on my knee  
And I'm on my knees  
And I'm on my knees  
Yes and I realize the only thing I know is

She said , I'm in love with some one else she said  
I fell in love with some one else and I  
I'm in love with some one and that's all that I know for sure  
She's in love with some one else she said  
She fell in love with some one else and that  
She's in love with some one and that's all that I know for sure

I'm in love with some one else she said  
I fell in love with some one else and I  
I'm in love with some one and that's all that I know for sure  
She's in love with some one else she said  
She fell in love with some one else and that  
She's in love with some one and that's all that I know for sure
