

Paradise Lost, Don't Belong

People say I'm in the way
People say never betray
Oh when I've gone, when I've gone
You'll turn to me when I've gone, when I've gone
Need a little understanding for all I've done
In another situation I don't belong (belong)
Every day humiliate
Every way solemn in trait
Oh when I've gone, when I've gone
You'll turn the key when I've gone
Don't belong...
Need a little understanding for all I've done
In another situation I don't belong
Need a little understanding for all I've done
In another situation I would belong (belong)
Need a little understanding for all I've done
In another situation I don't belong
Need a little understanding for all I've done
In another situation I would belong (belong)
