

# Paradise Lost, Enchantment

Like a fever, fever - inside of me  
Like a fever, fever - inside of me

Stand fast, faithful one  
See the moon and not the sun but I.....  
All I need is a simple reminder

Breakdown frail affairs  
Turn from the elusive starts but I.....  
All I need is a simple reminder

Guilt is feeding, feeding, inside I'm cold

In depth grasp the chains  
Struggle as the waters gain but I.....  
All I need is a simple reminder

Observe the formation fight until the battle's won  
But I..... All I need is a simple reminder

There's no rule to say you'll cry alone  
Just find the strength to help you carry the load  
Reverse the frown and let the power surge  
But when alone you cannot resist the urge

Feel it, feel it, like the pain of dying  
Feel it, feel it, like the pain of dying

Hold on face to face damaged by the  
sad disgrace but I.....  
All I need is a simple reminder

Twisting the knife in vain end the  
grief but who will gain but I.....  
All I need is a simple excuse
