

# Paradise Lost, Let Me Drown

You don't trust anything  
Anything at all you know this  
You won't love anything  
Anything at all you know this

Can you save me?  
Can you save me?

Let me drown  
I'm in no order  
Let me drown  
I'm in no order

True you're not anyone that almost knows  
So shrewd it's almost staggering

Can you save me?  
Can you save me?

Let me drown  
I'm in no order  
Let me drown  
I'm in no order

You don't trust anything  
Anything at all you know this  
You won't love anything  
Anything at all you know this
