

# Paradox, Search For Perfection

[How, through their beliefs the Cathars tried to achieve a state of Perfection]

Search!

We can't eat no flesh no fowl  
Sleeping around is out  
Women are against the rules  
Fornication frowned upon

We live by the law  
Wrapped in the world  
Nobody wavers  
Nobody strays

Lonely nights and lonely days  
Are looked upon as right  
But lonely days and lonely nights  
Are a symbol of our fight

No cause has lived  
So strict in its rules  
A life filled with pain  
A path to our God

A road to the right  
Long does it wind  
Along way to go, way to go, evermore

Search for perfection  
Our creed self control  
Search for perfection  
Our life for the cause

Priests talk like Jesus wrote  
Everything is right  
We talk of John the Lord  
We think were right

Our John the brave  
Lights up our way  
Teach by example  
Shake off the scorn

Join us this day  
We have the strength  
Our road is straight, to the Lord it's the way

Search for perfection  
Our creed self control  
Search for perfection  
For this we'll die

No other way is any good  
Life doesn't last  
Our belief is heaven sent  
Forgive us our past

What we do now is good  
Not what we did then  
We dedicate ourselves to help  
Our welfare comes last

Follow our road  
Find a new world  
A search for perfection

In the eyes of the Lord

Join us on our way  
Help us through this day  
Try to break away from the roman captivity

Search for perfection  
A perfect mind  
Search for perfection  
A perfect life
