Paramore, Last Hope

I don't even know myself at all I thought I would be happy by now The more I try to push it I realize, I gotta let go of control

Gotta let it happen /3x So let it happen

It's just a spark
But it's enough to keep me going
And when it's dark out, no one's around
It keeps glowing

Every night I try my best to dream Tomorrow makes it better Then I wake up to the cold reality And not a thing is changed

But it will happen Gotta let it happen /3x

It's just a spark But it's enough to keep me going And when it's dark out, no one's around It keeps glowing

It's just a spark
But it's enough to keep me going
And when it's dark out, no one's around
It keeps glowing

And the salt in my wounds isn't burning anymore than it used to It's not that I don't feel the pain, it's just I'm not afraid of hurting anymore And the blood in these veins isn't pumping any less than it ever has And that's the hope I have, the only thing I know that's keeping me alive

Alive

Gotta let it happen /8x

It's just a spark
But it's enough to keep me going
(So if I let go of control now, I can be strong)
And when it's dark out, no one's around
It keeps glowing

It's just a spark
But it's enough to keep me going
(So if I keep my eyes closed, with the blind hope)
And when it's dark out, no one's around
It keeps glowing
