

Pardon My Striptease, Pray (for LJ)

I cant fight this feelin
I'm a stop this bleedin
Won't you come now come save me somehow
I'm stuck in this rat race
I'm a silent disgrace
I'm somewhere I can't say
I know you'll find me someday

It's where i'll hide
It's where i'll pray
It's where i'll say goodbye to my yesterdays
It's where i'll hide
It's where i'll pray
It's where i'll say goodbye to my yesterdays

Woah oh woah no oh
Won't you help me escape
From this selfish embrace
I need someone to blame
Why is it always your name?
I know you'll see me at night
Bring the silence of light
Why wont you put up a fight?
Here I feel so alive

It's where i'll hide
It's where i'll pray
It's where i'll say goodbye to my yesterdays
It's where i'll hide
It's where i'll pray
It's where i'll say goodbye to my yesterdays

This is where i'll hide
It's where i'll pray
I'll say goodbye to yesterdays

It's where i'll hide
It's where i'll pray
It's where i'll say goodbye to my yesterdays
It's where i'll hide
It's where i'll pray
It's where i'll say goodbye to my yesterdays
