

Paris, Disco Fever

Me and Sue in the summer time
playing football everywhere
getting tired, have some wine
having parties everywhere
We were dancing, we were dancing

Sexy Eve in the summer time
takes her clothes off everywhere
looking hot and feeling fine
take her picture anywhere
We were dancing, we were dancing

We were dancing, close
'till midnight
with the people, close
'till midnight

We were dancing
Disco fever
with the people
Disco fever

Kick your shoes off and follow me
Susan takes us to the sea
having cocktails with a straw
the best band I ever saw
We were dancing, we were dancing
