

Parliament, Placebo Syndrome

Ahh rum pum pum do waa
There's so much syndrome, baby (there's so much syndrome, baby)

When all the smiles are out of town
You're going round and round
You find the Syndrome

When your ups lift you down
Your placebo is too weak
You're in the Syndrome

You're in the Syndrome
And the intensity of their ????
Is equal to the intensity they enjoy

There's so much Syndrome, baby

When all the thing is out of sound
There's no coming round
Play with the Syndrome

What used to be such fun to do
Can often lead you weak
Into the Syndrome
